Lake and Childhood

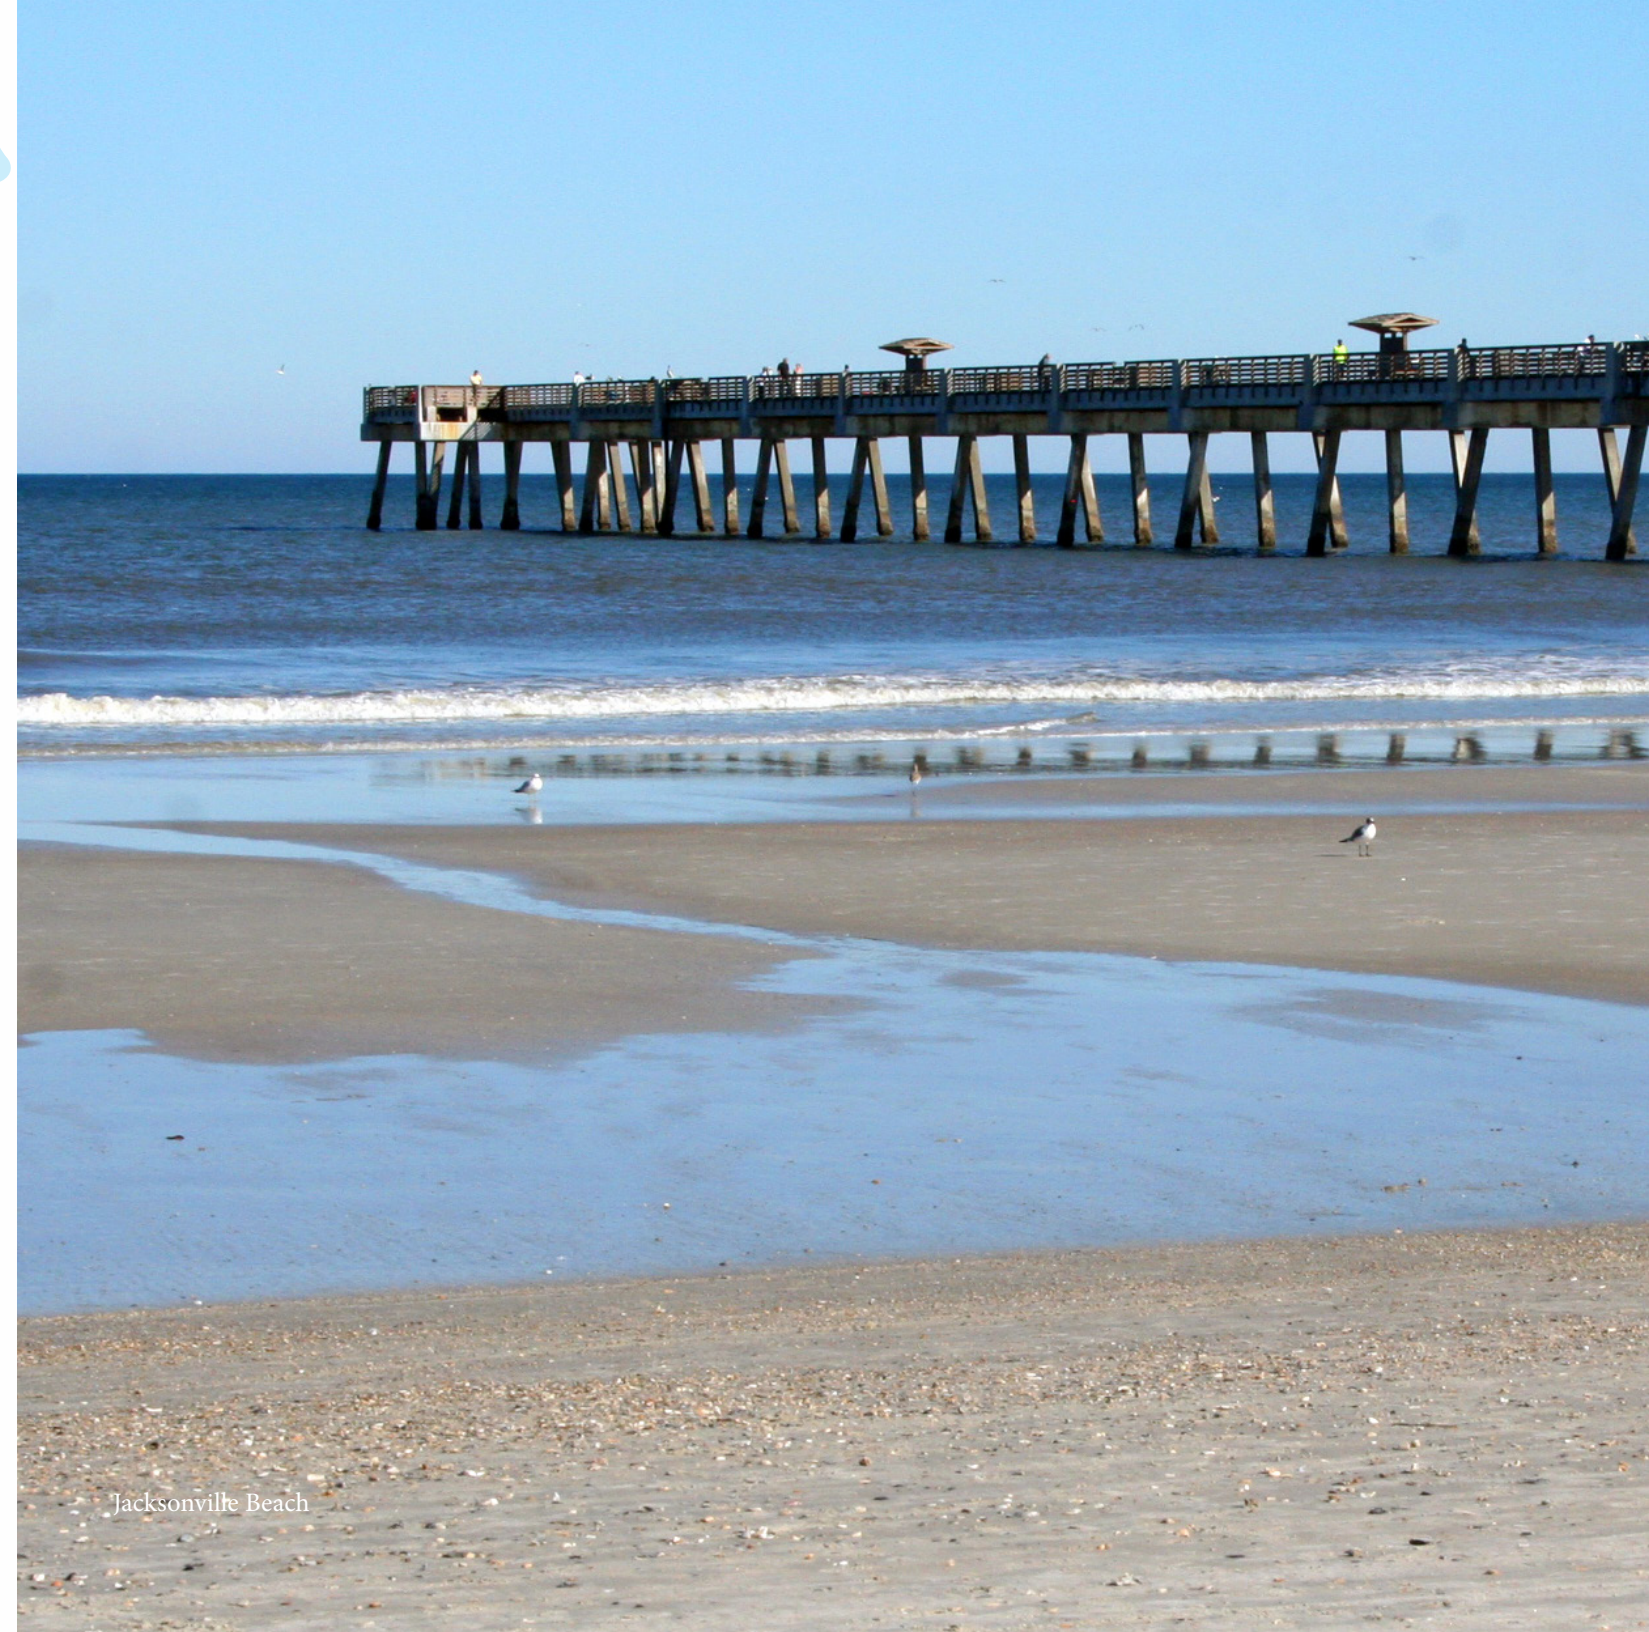

Hangzhou is where I was born. It is famous for its beauty at West Lake. I still can recall all the afternoons that my parents took me to a walk around lake and then went to the teahouse for a good dinner.

Jacksonville USA

Beach and High School

I attended high school in Jacksonville, FL. It is a small city close to sea. On the weekends I often went to the beach with my friends to swim, surf and of course, have parties.

Pittsburgh USA

Cathedral of Learning

Mountain and College

After high school, I decided to attend Carnegie Mellon University, which is located in Pittsburgh. Pittsburgh is city built on mountains. When there is a sunny day I usually go hiking on the mountain behind the school.

Next?

Sunshine and Work

After I graduate from college, I will probably go to California to work for a tech company and enjoy the sunshine.
